PRESS RELEASE

ABS Announces the Co-Branding of ABS-2A Capacity as MongolSat-1 Satellite

Mongolia Prime Minister witnesses the signing of Mongolsat-1 with ABS.

Ulaanbaatar, 19th April 2017 - ABS announces 12 x 27 MHz of payload on ABS-2A will be co-branded as the Mongolsat-1 satellite, dedicated to the Mongolia market.

In attendance at this historic event were Mr. Erdenebat Jargaltulga, Prime Minister of Mongolia and Mr. Enkhbold Miyegombo, Chairman of the State Great Hural (Parliament) of Mongolia. They accepted a token of appreciation from Mr. Tom Choi, CEO of ABS in honor of the event.

MongolSat-1 represents the country of Mongolia's first co-branded satellite payload in its history. The 12x27 MHz channel satellite capacity of MongolSat-1 will be used exclusively to launch a free nationwide digital satellite TV service, telecommunications and broadband services. The new services will be available throughout the vast geography of Mongolia.

At the ceremony, ABS' CEO Tom Choi said "ABS is especially honored and pleased to be able to co-brand part of the ABS-2A payload as MongolSat-1. ABS is very excited to be part of and assist in the dynamic growth of the Mongolian satellite market, as well as assist in its rural development in addressing the digital divide. Our goal is to deliver extremely affordable satellite services that benefit the entire society of Mongolia".
